

Is It Steve...

or

Steve...

Archambault ????

Pinocchiault ????

Steve wants you to believe that he's a champion for low density housing!

Just look at the foundry property or ask the residents down the road in Stillwater. Steve and his buddy Tocco tried to give a developer there even more units than they asked for! The truth is..

No one has worked harder to control growth in Smithfield than the GOP

Fact is, it was Steve's mentor and party mate Sen. Tassoni who pushed the low/mod income legislation that lets developers escape the rules that all of us have to follow in the first place.

He wants you to believe that he's working hard to counter Tassoni's law,

But after two years on the Council he's done NOTHING to get Tassoni's low/mod monkey off our backs, except at the very last meetinghe voted YES on a motion to "talk about it"!

He wants you to believe that he "didn't know" pal Tocco was a bag man.

In fact, Steve "Pinocchiault" Archambault publicly endorsed Tocco's leadership... but that was weeks before he tried to wrest control of the Council from Tocco. Yep!, you got it! Steve refused to sign on to the Tocco recall AND he worked hard to prevent a fair election for Tocco's successor !

He wants you to believe that he "didn't know" that his out of town relatives were sending their kids to Smithfield schools for 8 years,

costing us, the taxpayers, \$220,000. If you can still believe Steve, give him a call; he's got a bridge from Manhattan to Brooklyn for sale... and he'll give you a great price on it!
